ABOUT US

Eco-friendly Goods & Products from Us

We engage in the buying, processing, and trading of various agricultural and cash crops with the goal of promoting sustainable agribusiness, increasing market access for farmers, and contributing to the growth of the national and international agricultural value chain.

VISION

To become a leading and trusted agribusiness company in Tanzania and beyond, driving sustainable agricultural growth and empowering farming communities.

MISSION

To provide reliable markets, promote value addition and deliver high-quality agricultural products through innovation, integrity, and partnerships that benefit farmers, consumers and the economy at large.

Agri-Trading CONCEPTS

Order quantities require a production time of 20 working days. ✓ Delivery can be provided but comes with an extra costs depending on the location. ✓ A 50-70% down payment is needed when making the order. ✓ The Balance must be completed before delivery is done.
